

Thuraya XT-PRO

Universally
professional

Designed for professional users, Thuraya XT-PRO is the world's most advanced satellite phone which is ruggedized and equipped with long battery life, ensuring connectivity no matter where you go.

The Thuraya XT-PRO is the first satellite phone with built-in GPS, Beidou and Glonass capability for highest flexibility in all regions. It has the biggest display on any satellite phone and comes with hardened Gorilla® glass for harsh environments. The screen is designed for glare resistance which allows for optimal visibility in bright sunlight and it includes a brightness sensor to automatically adjust the backlight of the display.

With the Thuraya XT-PRO you can make phone calls and send messages in satellite mode and also use a satellite data connection to send and receive emails or browse the web with a connected laptop or PC. For emergencies it has a dedicated SOS button with advanced navigation and tracking features.

No matter where you are within Thuraya's extensive coverage area, or how remote your location, we keep you connected. Thuraya's comprehensive satellite network provides reliable, clear and uninterrupted communications in more than 160 countries across Europe, Africa, Asia and Australia.

Specifications

Global Navigation Satellite System

For the first time on a satellite phone, you can select your preferred navigation system and choose between GPS, BeiDou and Glonass for highest flexibility wherever you may go.

Longest talk-time on any satellite phone

With a talk-time of up to 9 hours and a standby time of up to 100 hours the Thuraya XT-PRO enables reliable communications whenever you need it.

Glare resistant Gorilla® glass display

Toughened glass for harsh conditions and customized outdoor display for easy readability in direct sunlight, no matter how bright the conditions are.

Dedicated SOS button

The XT-PRO has a dedicated SOS button which is easy to use in times of distress. Even when the phone is switched off, simply press and hold the SOS button for 3 seconds. This starts the phone and triggers the emergency service (call and/or SMS) to any pre-programmed number.

Compact and rugged design

Small enough to easily fit in your pocket, the Thuraya XT-PRO is jet water and dust resistant as well as shock proof to withstand harsh environments.

Calls, SMS, fax and Internet connectivity in satellite mode

Make calls, send SMS and fax messages and connect your laptop or PC to access the Internet in satellite mode whenever there is no terrestrial network available.

Supported by the most robust and powerful satellite network

Thuraya's system is renowned for having the most reliable satellite network and the advanced omni-directional antenna of the Thuraya XT-PRO ensures an uninterrupted signal when walking or moving, offering full walk-and-talk capability.

The Thuraya XT-PRO also enables you to receive a call notification even if your satellite signal is too weak to receive the call itself. This is particularly useful when the Thuraya XT-PRO is in your pocket with the antenna stowed, keeping you connected at all times.

Additional features include: Speakerphone, address book, alarms, calculator, calendar, call logs, conference calls, contact groups, speed dialing, stopwatch, world time and many more.
